

Insure Tech Hub

MEET THE MOST HIGH-PROFILE AND INSURANCE PROFESSIONALS IN EUROPE!

- With 2,000 delegates, the FERMA Forum is the major risk management European event for risk professionals and the rendezvous for Directors of risk and insurance of private and public organizations.
- As they are responsible for supporting their company's management and risk-transfer policies, they gather to share knowledge, meet their peers, and learn about the latest advances in technology, data, and artificial intelligence that can make their companies more profitable, and efficient.
- **Can you afford to miss being part of the event of the year and its dedicated Soft & Tech Hub?** An opportunity to showcase your company, products, and innovative solutions that shape the journey of innovation.

WHAT IS THE SOFT TECH & HUB?

Recognising the key role businesses like yours, we have created a dedicated area within the exhibition hall where you can showcase the benefits you bring to risk professionals.

What do you get?

- A dedicated space in the Hub - Stand of 3 sqm
- Free entry for 1 person
- Speaking pitch at one of the Insurtech session
- Table, stools, and dedicated power so you can run presentations and demonstrations
- Small space for a branded cartridge banner
- Access to the participant list to connect with potential buyers before, during & after the Forum
- Logo and summary presented on a dedicated section of our website to draw further visibility to your business
- Access to the entire event, including the exclusive welcome reception and the end of day networking, giving you valuable time to network on a more personal level

***Price: 2000 Euros (plus vat)**
